### Department of Environmental Quality Office of Environmental Assessment Air Quality Division

#### Annual Emissions Inventory Data Submittals (LAC 33:III.919)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with LAC 33:III.919.D, the Secretary gives notice that the directions for submittals of Annual Criteria Pollutant Emissions Inventory Data for calendar year 2006 are as described below.

The Louisiana Department of Environmental Quality has initiated a project to update and enhance the existing emissions inventory reporting system. Due to unavoidable delays, however, the system will not be ready to receive data, nor will user training be completed, in time for users to meet all of the requirements associated with the March 31, 2007, criteria pollutant emissions inventory reporting deadline as outlined in LAC 33:III.919. Therefore, the Department has extended to July 1, 2007, the deadline for submitting calendar year 2006 emission point level data. Facilities are still required to submit the Criteria Pollutant Emissions Certification Statement certifying facility totals for calendar year 2006 emissions by March 31, 2007, in accordance with LAC 33:III.919.B.5 or permit-specific conditions. In anticipation that the new system will be ready to receive facility submittals of emission point level data by July 1, 2007, the Department is authorizing this extension for delayed submission of the criteria pollutant emission point level data. This change in the submittal schedule for emission inventory data is for reporting of calendar year 2006 data only. Facilities with permits that contain language in conflict with this potpourri notice should access the website listed below and provide the Department with certain facility level information no later than midnight on January 22, 2007. The website address for providing this information is: [http://www.deq.la.gov/2006\\_EI](http://www.deq.la.gov/2006_EI). Instructions on completing the short form and agency contact information for questions about the form will be available at that same web address.

This extension of the deadline for submittal of the emission point level data will enable facilities to submit data through the new emissions inventory reporting system and alleviate difficulties associated with reporting and processing data in the current, outdated system. Allowing the 90-day extension for facilities to submit emission point level data will not have a negative impact on data availability. The new system has been designed such that emission inventory data will be readily available for assessment and dissemination, while data submitted via the existing system was typically not available for six months or more following the March 31 submission date.

Again, for calendar year 2006 emissions inventory reporting, the Department requires that the Criteria Pollutant Emissions Certification Statement certifying facility criteria pollutant emission totals be submitted by March 31, 2007, while emission point level data for calendar year 2006 be submitted via the new reporting system by July 1, 2007. For more information regarding this notice, you may contact Jennifer Mouton at (225) 219-3427 or Michael Vince at (225) 219-3485.

## POTPOURRI

### Department of Environmental Quality Office of Environmental Assessment Plan Development Section

#### Pointe Coupee Parish Ozone Maintenance Plan

Under the authority of the Louisiana Environmental Quality Act, R. S. 30:2001 et seq., the secretary gives notice that the Office of Environmental Assessment, Plan Development Section, is proposing a revision to the Air Quality State Implementation Plan (SIP) for Pointe Coupee Parish. This SIP revision is mandated under Section 110(a)(1) of the 1990 Clean Air Act Amendments (CAAA)

According to the Phase 1 8-Hour Implementation Rule published April 30, 2004 (69 FR 23951), a revision to the SIP is required for areas that are designated attainment for the 8-hour ozone National Ambient Air Quality Standards (NAAQS) and were designated attainment for the 1-hour ozone NAAQS with an approved maintenance plan. The Section 110(a)(1) maintenance plan for Pointe Coupee Parish must be submitted to the Environmental Protection Agency not later than June 15, 2007.

A public hearing will be held at 1:30 pm on January 24, 2007, in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA. Should individuals with a disability need an accommodation in order to participate, please contact Vivian H. Aucoin at (225) 219-3575 or at the address listed below. Interested persons are invited to attend and submit oral comments on the proposal.

All interested persons are invited to submit written comments concerning the SIP revision no later than 4:30 p.m., January 31, 2007, to Vivian H. Aucoin, Office of Environmental Assessment, Box 4314, Baton Rouge, LA 70821-4314 or to fax (225) 219-3582 or by e-mail to [vivian.aucoin@la.gov](mailto:vivian.aucoin@la.gov).

A copy of the SIP revision for Pointe Coupee Parish may be viewed from 8 a.m. to 4:30 p.m. in the DEQ Public Records Center, Room 127, 602 N. Fifth Street, Baton

## POTPOURRI

### Department of Environmental Quality Office of the Secretary Legal Affairs Division

#### Regulatory Permits

Act 115 of the 2006 Regular Legislative Session authorized the Department of Environmental Quality, to develop regulatory permits for certain air emissions and water discharges. Act 115 requires the secretary to consider which activities are appropriate for coverage under regulatory permits and to publish an initial list of such activities no later than January 1, 2007.

In a potpourri notice for Request for Comments on Regulatory Permits (0609Pot2) published in the *Louisiana Register* on September 20, 2006, the department solicited written comments from interested parties regarding activities appropriate for consideration of coverage under regulatory permits as the required list was being developed. Comments were received from two sources regarding regulatory permits in the air program.

This notice fulfills the requirement of Act 115 to publish an initial list of activities appropriate for coverage under a regulatory permit by January 1, 2007. The department is initially considering the following activities as eligible for coverage under regulatory permits:

#### Air—minor sources only:

- Oil and Gas production activities
- Oil and Gas well testing
- Oil and Gas and Pipeline maintenance flaring/venting
- Bulk terminal facilities
- Hot mix asphalt plants
- Concrete ready-mix plants
- Emergency equipment
- Coating operations (priming, painting and sandblasting)

#### Water—minor sources only:

- Oil and Gas Coastal
- Oil and Gas Territorial Seas
- Construction Activities greater than 1 acre but less than 5 acres
- Hydrostatic Test

This is a preliminary list only and does not preclude the department from considering the applicability of regulatory permits for other sources in the future. For further information regarding air permits, contact Cheryl Sannier Nolan, Office of Environmental Services, Air Permits Division, at 225-219-3010 or [cheryl.nolan@la.gov](mailto:cheryl.nolan@la.gov). For further information regarding water permits, contact Lenny

### Department of Environmental Quality Office of the Secretary Legal Affairs Division

#### Revision to the Water Quality Management Plan Volume 3: Permitting Guidance Document for Implementing Louisiana Surface Water Quality Standards

Under the authority of the Environmental Quality Act, R.S. 30:2071 et seq., the secretary gives notice that procedures have been initiated to amend Volume 3 of the Louisiana Water Quality Management Plan (WQMP).

Federal law governing water quality standards (Water Quality Act of 1987 PL 100-4 Section 303 (c)) requires that states review and revise as appropriate their water quality standards at least once every three years. The *Permitting Guidance Document for Implementing Louisiana Surface Water Quality Standards*, as part of the Louisiana Water Quality Management Plan, establishes procedures to effectively implement Louisiana's water quality standards into LPDES surface water discharge permits. The most recent Triennial Revision of the Water Quality Standards (Log #WQ054) proposes an updated method for the application of toxic and metals criteria in estuarine areas. These revisions are found in LAC 33:IX.1105 (definitions), LAC 33:IX.1113.C.6.b, and LAC 33:IX.1113.C.6.d. Therefore, the Water Quality Management Plan, Volume 3, Section 5, is proposed to be revised accordingly. The proposed rule for the Triennial Revision (Log #WQ054) is published in the Notice of Intent section of the December 20, 2006, *Louisiana Register*.

A public hearing on the Water Quality Management Plan revision will be held on January 24, 2007, at 1:30 p.m. in the Galvez Building, Room 1051, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the substantive changes. Should individuals with a disability need an accommodation in order to participate, contact Kimberly Cornelison at the address given below or at (225) 219-3598. Parking in the Galvez Garage is free with a validated parking ticket.

Written comments regarding the proposed revision must be received no later than February 15, 2007, at 4:30 p.m., and should be sent to Kimberly Cornelison, Office of the Environmental Assessment, Water Quality Assessment Division, Box 4314, Baton Rouge, LA 70821-4314 or to fax (225) 219-3582 or by e-mail to [kimberly.cornelison@la.gov](mailto:kimberly.cornelison@la.gov). Copies of this proposed revision can be purchased by contacting the DEQ Public Records Center at (225) 219-3168. Check or money order is required in advance for

1 MS. STEPHENS:

2 Good afternoon. My name is  
3 Sandy Stephens and I'm employed with  
4 the Louisiana Department of  
5 Environmental Quality. I'll be  
6 serving as hearing officer this  
7 afternoon to receive comments  
8 regarding proposed amendments to the  
9 Environmental Quality regulations,  
10 the Pointe Coupee Parish Ozone  
11 Maintenance Plan and the Water  
12 Quality Management Plan.

13 The comment period for all of  
14 these revisions began on December  
15 20, 2006, when the notices of intent  
16 and Potpourri notices were published  
17 in the Louisiana Register. The  
18 comment periods will close at 4:30  
19 p.m., January 31, 2007, for Log  
20 Numbers AQ256, AQ271, AQ272, HW091P,  
21 HW092, OS071S, OS072, and the Pointe  
22 Coupee Parish Ozone Maintenance  
23 Plan.

24 The comment periods will close  
25 at 4:30 p.m. February 15, 2007 for

1 the Log Number WQ054 and the Water Quality  
2 Management Plan Revision. The comment  
3 period will close at 4:30 p.m., February  
4 28, 2007, for Log Number SW037. The  
5 comment period will close at 4:30 p.m. on  
6 March 6, 2007, for Log Number DPS001.

7 The next item on the agenda is  
8 Potpourri 0612POT3, an amendment to  
9 the Pointe Coupee Parish Ozone  
10 Maintenance Plan. The comment  
11 period for this amendment will close  
12 at 4:30 p.m. on January 31, 2007.

13 The Office of Environmental  
14 Assessment, Plan Development  
15 Section, is proposing a revision to  
16 the Air Quality State Implementation  
17 Plan, SIP, for Pointe Coupee Parish.  
18 This SIP revision is mandated under  
19 Section 110a1 of the 1990 Clean Air  
20 Act Amendments.

21 According to the Phase One eight  
22 hour Implementation Rule published  
23 April 30, 2004, 69 FR 23951, a  
24 revision to the SIP is required for  
25 areas that are designated attainment

1 for the eight hour ozone National  
2 Ambient Air Quality Standards,  
3 NAAQS, and were designated  
4 attainment for the one hour ozone  
5 NAAQS with an approved maintenance  
6 plan. The section 110A1 maintenance  
7 plan for Pointe Coupee Parish must  
8 be submitted to the Environmental  
9 Protection Agency not later than  
10 June 15, 2007.

11 Does anyone care to comment on  
12 this potpourri? If not, the hearing  
13 on Pointe Coupee Parish Ozone  
14 Maintenance Plan is closed. Thank  
15 you for your participation and  
16 attention.

**UNITED STATES ENVIRONMENTAL PROTECTION AGENCY**

REGION 6  
1445 ROSS AVENUE, SUITE 1200  
DALLAS, TX 75202-2733

January 23, 2007

Ms. Vivian Aucoin  
Air Quality Assessment Division  
Office of Environmental Assessment  
Louisiana Department of Environmental Quality  
P.O. Box 4314  
Baton Rouge, LA 70821-4314

Dear Ms. Aucoin:

Thank you for the opportunity to comment on the draft revision to the State Implementation Plan (SIP) for the Pointe Coupee Parish Section 110(a)(1) Maintenance Plan. We have reviewed the draft SIP revision in relation to the May 20, 2005, U.S. Environmental Protection Agency (EPA) maintenance plan guidance. We find the SIP revision to be well organized and consistent with this guidance.

Our comments on this SIP revision are as follows:

In Section 5: Ambient Air Quality Monitoring, in the first sentence on page 12, please verify the beginning date of monitoring site operations for the parish. Our records show an Air Quality System (AQS) beginning date for the Pointe Coupee Parish ozone monitoring site (AQS 22-077-0001) of November 16, 1988, rather than October 1, 1983.

As we have discussed with the Louisiana Department of Environmental Quality (LDEQ) staff, the U.S. Court of Appeals for the District of Columbia Circuit did rule on EPA's phase 1 ozone regulation on December 22, 2006. EPA is considering its response to the Court regarding the decision at this time. In the meantime, we encourage LDEQ to continue its efforts toward adopting this Section 110(a)(1) maintenance plan by the deadline of June 15, 2007.

Once again, we appreciate the opportunity to review and comment on this draft SIP revision. If you have questions regarding any of these comments, please feel free to contact me or Ellen Belk at (214) 665-2164.

Sincerely yours,

A handwritten signature in black ink, which appears to read "Thomas H. Diggs", is written over a horizontal line.

Thomas H. Diggs  
Chief  
Air Planning Section

**Comment Summary**  
**Pointe Coupee Parish Maintenance Plan**

**Comment:** Ambient Air Quality Monitoring (Section 5):

EPA records show that the Air Quality System (AQS) beginning date for the Pointe Coupee Parish ozone monitoring site (AQS 22-077-0001) of November 16, 1988, rather than October 1, 1983.

**Response:** The date has been verified with Department records and has been changed in the document.
